Christopher is a Certified Internal Auditor with the Institute of Internal Auditors and is an accredited assessor by the Institute in Internal Quality Assessment/Validation. He holds a Bachelor in Business Administration from Ottawa University. He is a Fellow with the Association of Chartered Certified Accountants and a member of the executive committee of ACCA Singapore.

Christopher has more than 12 years of internal auditing and accounting experience. He specializes in internal audit, corporate governance and risk management works. He has worked in large SGX-listed companies and established public accounting firms, with vast experiences in setting up internal audit functions, corporate governance reviews, enterprise risk management and fraud investigations.

His experiences include IT auditing, risk assessment, control self-assessment, setting up quality management system, SOP documentation and ISO 9001 implementation. He also has two years of procurement experience in the Ministry of Defence.

Christopher is also a full member of the Singapore Institute of Directors.
